The Killam Fellowships Program

www.killamfellowships.com

The Killam Fellowships Program provides an opportunity for exceptional undergraduate students from Canadian universities to spend either one semester or a full academic year as an exchange student in the United States.

Program Option 1: Direct Exchange Program

Students who apply to the direct exchange program between partner institutions will register at their home institution and attend the host institution as an exchange student and, during the course of their fellowship, will continue to pay tuition and fees to their home institution.

For a complete list of Canadian and American partner institutions, please visit <http://www.killamfellowships.com/>

Program Option 2: Open Competition Program

Students from partner and non partner institutions may apply to the open competition (self-placed program) and will enroll as fee-paying visiting students at their host institution. The applicant is responsible to apply for admission of his/her chosen institution. However, the student may choose to apply for an existing exchange program through their home institution, and attend the host institution as an exchange student.

Through the Open Competition Program, you may apply to any accredited degree granting institution of your choice, in the United States.

Application and Selection Process

- Applications are now available at <http://www.killamfellowships.com/programs/killam-fellowships/canadians/how-to-apply.html>
- Questions can be forwarded to info@fulbright.ca
- For the direct exchange, applicants must be recommended by their home institution. The partner institution will forward their nominated applications to the Foundation for adjudication.
- For the open competition, applicants may submit their application either through their home institution or directly to the Foundation for adjudication.
- Applications are reviewed by an independent adjudication committee of faculty members from Canadian and American universities.
- Selection is open and competitive, based on a combination of academic standing, personal statements, and references.
- The Foundation recognizes that excellence is found in all linguistic, ethnic and religious groups without regard for gender, age, sexual preference or race. The Killam Fellowships Program encourages applications from all interested and eligible candidates.
