### University of Amsterdam

**A world-class education**

Founded in 1632 as a university of liberal arts and sciences, the University of Amsterdam is a global university of research excellence. This status is evident in its strong international orientation and the diversity of its teaching and research, and is reflected in the large number of English-taught programmes and courses.

**10 REASONS TO CHOOSE THE UV A**

1. **Academic Excellence**
   - The University of Amsterdam is recognised as one of the leading research universities in Europe and one of the top 100 universities in the world. It is home to 11 Nobel Prize laureates, over 100,000 students, and over 8,000 employees, making it a dynamic and diverse academic community.

2. **Global Network**
   - The University of Amsterdam is an active member of 10 global networks, including the European Research University Alliance, the European University Association, and the European University Network. It has cooperative ties with over 800 universities worldwide, making it a truly international institution.

3. **International Classrooms**
   - The University of Amsterdam is a global community of independent thinkers. Now, with more than 31,000 students, we are considered one of the best research universities in the world. We invite you to come and experience this.

4. **International Academic Focus Points**
   - The UvA's global network includes 10 international offices and 7 student services offices, allowing you to stay connected for travel purposes.

5. **Academic Freedom**
   - The University of Amsterdam is proud to offer you one of the largest selections of English-taught programmes in Europe. Both Dutch and international students enrol in, and therefore benefit from, the large selection of academic programmes.

6. **Personal Development**
   - The City Centre Campus is the heart of the University of Amsterdam. It is also home to numerous national and international companies, institutions and museums. The people of Amsterdam are easy going and lending Amsterdam its unique and charming historical ambience. The city boasts beautiful architecture and more than 160 canals, (international) companies, institutions and museums. The people of Amsterdam are easy going and lending Amsterdam its unique and charming historical ambience. The city boasts beautiful architecture and more than 160 canals.

7. **Quality of Life**
   - As the capital city with a population over 838,000, Amsterdam provides an ideal environment for academic exchange programmes. During your stay, you will find numerous activities such as opening an a bank account, insurance, airport pick-up, immigration, student services, etc.

8. **RANGE OF ENGLISH COURSES**
   - The University of Amsterdam is a leading university of research excellence. It is home to over 8,000 employees, including 11 Nobel Prize laureates, over 100,000 students, and over 110,000 staff. It is one of the leading research universities in Europe and one of the top 100 universities in the world. It is home to 11 Nobel Prize laureates, over 100,000 students, and over 8,000 employees, making it a dynamic and diverse academic community.

9. **Affordability**
   - If you are interested in coming on exchange to study at the University of Amsterdam and declare your interest, you must answer before you begin: is there an exchange agreement with my university? There is a good chance that your university is already part of our network of over 100 partner universities worldwide. If you are participating in an exchange programme, it is in your best interest to inform your home university. If you have been nominated for an exchange programme by your home university, you are expected to enrol for a fulltime course load in English-taught courses.

Studying at the UvA internationally

Amsterdam is a vibrant city with a rich cultural heritage, a dynamic business environment, and a diverse population. It is a great place to study and live, and it is ideal for exploring the Netherlands and beyond.

Amsterdam is the capital of the Netherlands and is known for its beautiful canals, historic buildings, and vibrant nightlife. It is also a major international business hub and a popular destination for tourists.

Studying abroad

Studying abroad can be a valuable and enriching experience. It allows you to gain new perspectives, learn new languages, and make new friends. It can also help you to develop important life skills, such as independence, adaptability, and critical thinking.

Studying abroad is also a great way to improve your academic skills. It can help you to develop a wider range of knowledge and understanding, and it can help you to become more confident and independent.

Studying abroad can also help you to gain valuable work experience. Many universities have partnerships with companies and organizations around the world, and these partnerships can provide opportunities for internships and other forms of practical experience.

Studying abroad can also help you to gain valuable financial support. Many universities offer scholarships and grants to students who study abroad, and these financial resources can help you to reduce the cost of studying abroad.

Studying abroad can also help you to gain valuable cultural experiences. It can help you to learn about new cultures and ways of life, and it can help you to develop a greater understanding of the world.

Studying abroad can also help you to gain valuable social experiences. It can help you to make new friends and to learn new languages, and it can help you to develop a wider range of communication skills.

Studying abroad can also help you to gain valuable personal experiences. It can help you to develop a greater understanding of yourself, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable career experiences. It can help you to develop a wider range of workplace skills, and it can help you to develop a greater understanding of the world of work.

Studying abroad can also help you to gain valuable family experiences. It can help you to develop a greater understanding of your family, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable community experiences. It can help you to develop a greater understanding of your community, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable global experiences. It can help you to develop a greater understanding of the world, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable personal experiences. It can help you to develop a greater understanding of yourself, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable career experiences. It can help you to develop a wider range of workplace skills, and it can help you to develop a greater understanding of the world of work.

Studying abroad can also help you to gain valuable family experiences. It can help you to develop a greater understanding of your family, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable community experiences. It can help you to develop a greater understanding of your community, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable global experiences. It can help you to develop a greater understanding of the world, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable personal experiences. It can help you to develop a greater understanding of yourself, and it can help you to develop a greater appreciation for diversity.

Studying abroad can also help you to gain valuable career experiences. It can help you to develop a wider range of workplace skills, and it can help you to develop a greater understanding of the world of work.

10 REASONS TO choose the UvA

I. DIVERSITY
The UvA scores highly in international rankings. It is ranked among the top 30 universities in Europe and the top 100 worldwide. The University of Amsterdam enjoys a global reputation, dating back to 1632. The City Centre Campus is located in the heart of Amsterdam. It is the UvA’s largest campus, with more than 31,000 students, we are considered one of the best research universities in the world. We strive to excellence in teaching and research, and are proud to offer you one of the largest selections of English-taught programmes in continental Europe.

II. SENIOR RESEARCH
The UvA is a member of the U15, a group of the largest research universities in the world. We strive for excellence in education, fostering our students to develop self-reliance and interactive teaching style. The UvA promotes an international study environment. (around 100 nationalities) offers a truly international composition and curriculum in global issues and extend your knowledge of the world.

III. EASIER TO EARN A DEGREE
The UvA’s global network of partner universities is extensive. Every student who will be awarded a degree at the UvA must answer before you begin: is there an exchange agreement with my university? There is a good chance that your university is already part of our network of over 100 partner universities, such as the League of European Research Universities (LERU) and the U21. If you are a student from the departmental international office to confirm whether your university has an agreement with the UvA, and what the deadlines and application requirements are.

IV. PRIME LOCATION
As the capital city with a population over 838,000, Amsterdam is well connected for travel within Europe and the rest of the world. Amsterdam is also one of the largest selections of English-taught programmes in the world. We strive for excellence in education, fostering our students to develop self-reliance and interactive teaching style. The UvA promotes an international study environment. (around 100 nationalities) offers a truly international composition and curriculum in global issues and extend your knowledge of the world.

V.English-taught courses.
Both Dutch and international students enrol in, and therefore choose the UvA for its wide range of degree programmes. Our open, tolerant culture and traditional academic tradition are also a strong draw for students coming from all over the world. Amsterdam is welcoming to foreigners since English is the city’s second language. Coming on an exchange can mean staying in the university-mediated student accommodation system, or you can explore the city like a local, discovering places where no cars, buses or trams can take you.

VI. STUDENT SUPPORT
Student Services help international students with information, guidance and practical matters. The international office to confirm whether your university has an agreement with the UvA, and what the deadlines and application requirements are.

VII. INTERNATIONAL CLASSROOM
The UvA is comprised of four campuses nestled in the city of Amsterdam. Classes are held in quaint old buildings or in new buildings with state-of-the-art study facilities and research laboratories. The city as a campus provides an academic environment, where students from different nationalities, cultures and backgrounds come together and collaborate.

VIII. HERITAGE
The UvA is an active member of the U15, a group of the largest research universities in the world. We strive for excellence in education, fostering our students to develop self-reliance and interactive teaching style. The UvA promotes an international study environment. (around 100 nationalities) offers a truly international composition and curriculum in global issues and extend your knowledge of the world.

IX. PERSONAL DEVELOPMENT
We promote an open-minded character. Amsterdam is a world capital in and of itself.

X. OPEN MINDS
We promote an open-minded character. Amsterdam is a world capital in and of itself.
converge, and businesses, governments and knowledge dissolve, students and researchers connect, disciplines research labs. On our campuses, traditional boundaries in new buildings with state-of-the-art study facilities and services help international students with information, visas and finding accommodation. The University of Amsterdam (UvA), May 2018. Editorial address: Studying in Amsterdam, a world-class education.

The UvA is an active member of European and global partnerships, such as the League of European Research Universities (LERU) and of Universitas 21.

We're here to help incoming exchange students by ordering on their behalf. The central international office (part of Student Services) informs you about and assists you with all kinds of practical matters. More details on the exchange programme.

Incoming exchange students are hosted by one of the faculties and will receive academic and personal guidance from the departmental international office. You may ask the office to confirm whether your university has an agreement with the UvA. Alternatively, contact the departmental international office to confirm whether your university has an agreement with the UvA.

We participate in an extensive network of European and global partnerships that allow students and teachers to study and teach abroad. We encourage our students to participate in an academic exchange programme at the UvA. UvA.
