Testimonials

UNIVERSITY OF LEEDS

The stories I have heard, perspectives I have gained and love that I have received is hugely impactful. I have shared such meaningful moments with people, hearing about their countries, cultures and individual experiences of life, but I have also made real connections through simply doing life together and exploring some of the UK!

- Beth, University of Cape Town

I feel blessed because I got to attend LISS 2022 after two years of being socially parched and thrilled for the excursion possibilities, precious memories and meeting such a diverse set of international students and the friendships that were found.

- Chandana, PSG College of Technology

This experience is the perfect occasion to meet people from across the globe, encountering new cultures and new studies. I promise that, once the programme ends, you will come back home with a very different point of view on everything and clearer perception of your future

- Alexis, Jean Moulin III

LISS has truly been life changing. I've always known that I wanted to study in the United Kingdom so I was really excited, but the experience has definitely surpassed all of my expectations.

- Melissa, Tecnologico de Monterrey

Coal Mining Museum

Excursions

A person with long, wavy blonde hair is seen from behind, wearing a dark blue hoodie. The hoodie has the words "LISS" and "STAFF" printed in large, white, sans-serif capital letters. The person is standing on a sandy beach with large, moss-covered rocks in the foreground. In the background, there is a clear blue sky and a distant structure, possibly a lighthouse or tower. A large, semi-transparent white circle is overlaid on the image, centered on the person's hair and the text on the hoodie.
