**Your
responsibilities
as a study
permit holder**

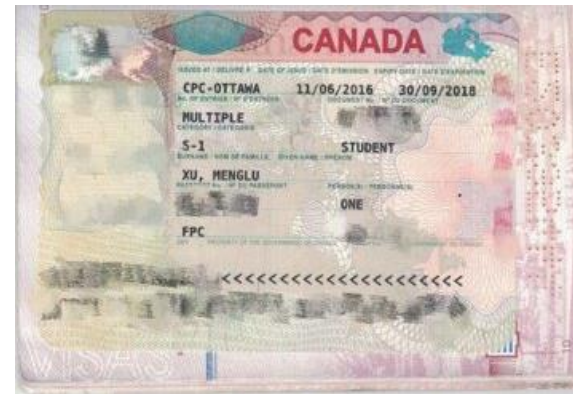

Important concepts

- Your study permit confirms your temporary resident status as a **student** in Canada. It is your responsibility to maintain valid immigration status and adhere to immigration rules while you are in Canada.
- Keep your study permit and passport secure (carry only if travelling). If you need to carry official ID, it is better to have an [Ontario driver's license](#) or [Ontario photo card](#).
- Study permits become invalid 90 days after completing your studies OR on expiry, whichever is earlier.

STUDY PERMIT

- Status document
- Authorizes you to study and remain in Canada
- Must remain valid

TEMPORARY RESIDENT VISA (TRV)

- Travel authorization only
- Does not confer status
- Expiry does not impact your ability to remain in Canada, but you cannot *re-enter* Canada with an expired visa.

Know your expiry dates!

- What is your reminder system?

- Record multiple reminders for:
 - Study permit expiry date
 - Visa expiry date
 - Passport expiry date

- Your study permit and immigration documents can only be issued up to the expiry date of your passport. We recommend you renew your passport 6 months in advance, if possible.
- Renew your study permit **before** it expires – we recommend 3 months ahead of expiry.

Study permit conditions

- A study permit is required for programs that are 6 months or longer (unless you are a permanent resident or Canadian citizen).
- As a study permit holder, there are a number of conditions you need to meet. If you don't meet these conditions, you may lose your student status and study permit. You may also have to leave Canada.
 - be enrolled at a DLI
 - actively pursue your studies
 - notify IRCC any time you change DLIs
 - end your studies if you no longer meet the requirements
 - leave Canada when your authorized stay ends

UPDATING YOUR STUDY PERMIT

- If you change schools, you must update your DLI. If you are eligible to work on/off campus but don't have the condition on your study permit, you may request this be added at the same time as you extend your study permit.

Active pursuit of studies

- All study permit holders must **actively pursue** their program of study while they are in Canada.

WHAT IS ACTIVE PURSUIT?

- Minimum of part-time enrolment
- Authorized leave **not exceeding 150 days**
- Make reasonable progress towards completion in time allotted by the program

HOWEVER....

- We recommend you maintain full-time student status to be able to work and to be eligible for a post-graduation work permit (PGWP).

Am I a full-time student?

Undergraduate	Graduate	School of Continuing Studies
<ul style="list-style-type: none">• Minimum of 9 credits each Fall and 9 credits each Winter (not including regularly scheduled breaks)• Year courses should be divided by 2 to calculate your per term credits• If you have a registered disability with SAS and are on a reduced courseload, the minimum is 6 credits per term. Please contact an ISA so we can provide you with advice on your situation.	Defined by your program	Defined by your program

WHAT IF I'M NOT FULL-TIME?

- If you are in a situation where you need to take a semester or more away from school for any reason, please contact your international student advisor immediately.
- Part-time students and those not enrolled **cannot work** on or off campus even if their study permit says they can work
- You may not be eligible for a [post-graduation work permit](#) if you have:
 - Part-time terms (exception for final term only)
 - Unauthorized leaves
 - Authorized leaves exceeding 150 days

Work authorization

WELCOME LEARNING COMMONS @SCOTT LIBRARY

Work authorization

ON-CAMPUS WORK

- › Have a valid study permit
- › Have a valid social insurance number (SIN)
- › Study permit conditions allow
- › **Full-time student (apart from final term)**
- › No limit on number of hours
- › Work authorization ends once you complete your program (once you receive your final grades), regardless of the expiry date on your study permit.

Conditions:

1. MUST LEAVE CANADA BY 2022/07/31
2. NOT VALID FOR EMPLOYMENT IN BUSINESSES RELATED TO THE SEX TRADE SUCH AS STRIP CLUBS, MASSAGE PARLOURS OR ESCORT SERVICES.
3. MAY ACCEPT EMPLOYMENT ON OR OFF CAMPUS IF MEETING ELIGIBILITY CRITERIA AS PER R186(F), (V) OR (W). MUST CEASE WORKING IF NO LONGER MEETING THESE CRITERIA.

OFF-CAMPUS WORK

- › **Same as on-campus plus:**
- › Enrolled in a post-secondary program that is at least 6 months long and leads to a degree, diploma or certificate
- › Must not work more than the authorized hours:
 - Permitted to work up to 20 hours/week in a regular academic session
 - May work full-time during an academic break (e.g. reading week, Winter closure) IF you were a full-time student before and after the break

Important notes on work

- You **cannot start** working until your program's classes start.
- On October 7, 2022 [IRCC announced a temporary lift](#) on the limit for off-campus work hours. To be eligible, you must **either** have had a valid study permit on Oct. 7 **or** have applied for a study permit (extension included) on or before Oct. 7. This policy is in effect until either that study permit expires or December 31, 2023, whichever is first. To check your eligibility, take the York International [full-time off campus work eligibility quiz](#).
- If you are **taking two programs**, you can work full-time between the programs if you meet all of these requirements:
 - You were already able to work off campus during your previous studies
 - You have a valid study permit **or** you applied to extend your study permit before it expired
 - You received written confirmation from your current school that you completed your program
 - You received a letter of acceptance to a new full-time study program at a [DLI](#)
 - You'll start your new program within 150 calendar days of receiving the confirmation that you completed your previous program

Caution about work

- › You are a **student first**. Your priorities must be on your studies and succeeding in your program.
- › **Do not count on** this work authorization to fund your studies or for daily living expenses. It is to give you valuable work experience which can help you boost your resume.

A woman with blonde hair, wearing a dark blue top, stands at a wooden podium with a microphone, addressing an audience. The audience is seen from behind, seated in rows of chairs. The setting appears to be a modern lecture hall or conference room with a concrete wall in the background. A red banner is visible behind the speaker. The text "Extending your study permit" is overlaid in white on the left side of the image.

Extending your study permit

Do I need to extend?

STUDY PERMIT VALIDITY

- **Do not let your study permit expire!!!**
- It must remain valid for the duration of your studies
- Study permits are valid until either their expiry date or 90 days after completing your program, whichever comes first.

BRIDGING STUDY PERMIT EXTENSION

- It is ideal to have the 90 day “transition period” after your program completion.
- This time allows you to apply for a work permit, get acceptance to a new program of study, transition to visitor, or plan your return home.
- If your study permit expires near the end of your program, you can apply for a short study permit extension.

EXPIRED STUDY PERMIT?

- If your study permit expires and you haven't submitted an extension, you **must stop studying and working immediately.**
- Contact an international student advisor immediately as there is a limited time to apply for restoration.

Restoration

If you do not submit an extension application and your study permit expires, you have lost your status. In some cases, you may apply to restore your status as a student. Please get advice from an international student advisor if you find yourself in this situation.

To apply, you must:

- Submit your application **within 90 calendar days** of losing your status
- Keep meeting the requirements for your stay
- Have met all the conditions listed on your permit and
- Pay your fees:
 - Restoration (\$200)
 - Study permit (\$150)
 - Biometrics, if applicable (\$85)

You must explain how you lost your status and why you stayed in Canada longer than allowed. There's no guarantee that your application will be approved. You can stay in Canada while IRCC processes your application. However, **you cannot study (or work) until your student status is restored.**

When should I apply to extend my study permit?

- IRCC recommends you apply at least 30 days before expiry, however 3-4 months ahead of expiry is advisable
- Technically you can apply up to the date of the expiry date and have “maintained” status, however, we do not recommend submitting the renewal application too close to the expiry date
- If you apply more than 6 months in advance, include an explanation about why you are applying early
- IRCC will not issue documents beyond your passport validity. We recommend you renew your passport 6 months in advance if possible.
- **Cost:**
 - \$150.00
 - plus \$85.00 for biometrics, if applicable

The expiry date on your study permit tells you when you have to stop studying and either renew your status, change your status or leave Canada.

Maintained status

- If you apply to extend your study permit **before** it expires, you can legally stay in Canada and keep studying (and working if eligible) while you wait for a decision even after the expiry of your study permit.
- This applies to your SIN as well.

TRAVEL

- We do not recommend you travel while you have an application being processed.
- If you travel outside of Canada while on maintained status, you lose your authorization to study (and work) upon leaving Canada. If your eTA/visa has also expired, you will not be able to return until you have a new eTA/visa.

WHAT IF I'M APPLYING FOR A PGWP SOON?

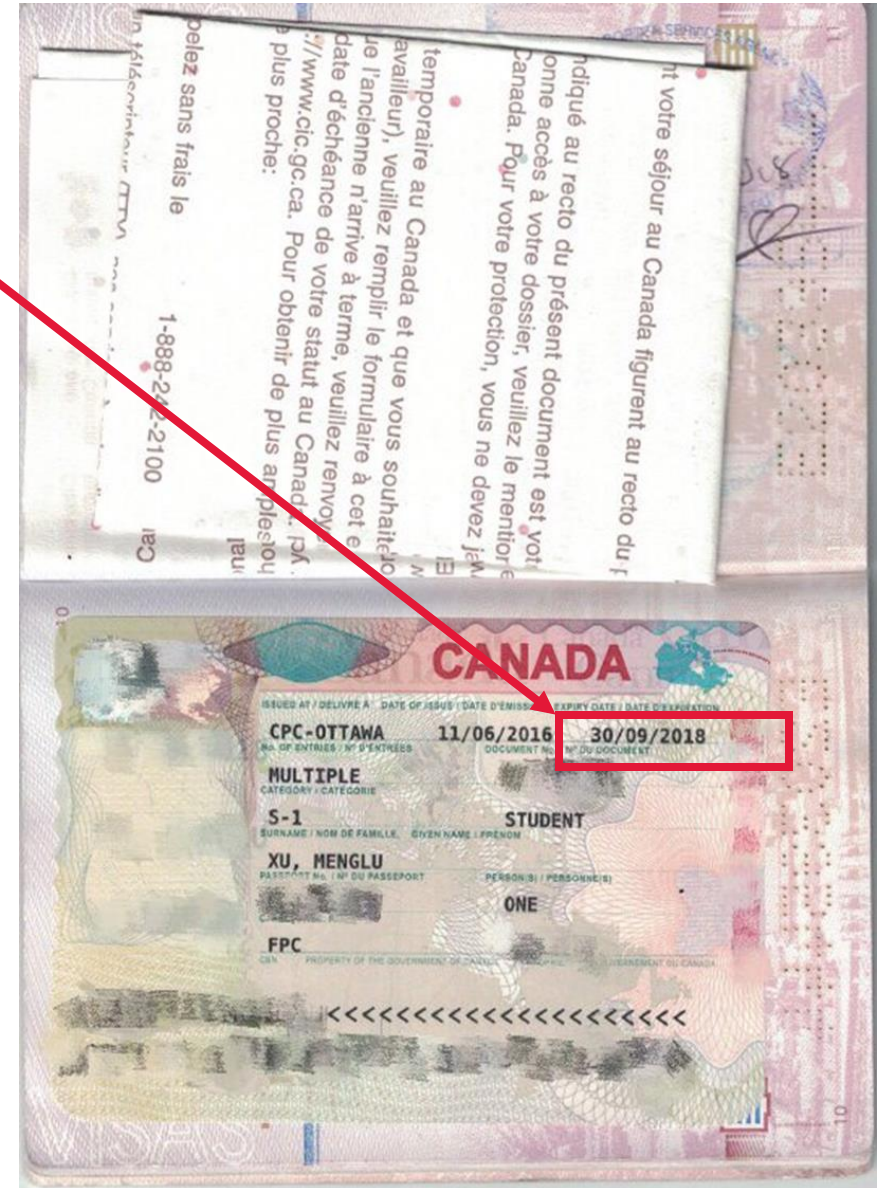

- Ensure you submit your extension early enough to have a new study permit issued before your program ends.
- We do not recommend you apply for a PGWP while on maintained status. You will not be able to work while waiting for your PGWP application to be processed.

How do I extend my study permit?

- A study permit extension is only possible from inside Canada.
- If you are outside Canada, you must either:
 - apply for a new study permit from outside Canada and wait for its approval before planning your return or
 - enter Canada before your current permit expires to apply for an extension
- Applications are made online. Login or register for an [IRCC account](#).

What about my visa?

- If you need a visa to enter Canada, it will normally expire at the same time as your study permit.
- You can apply online for a new visa **after** you receive your new study permit. You will need the same documents, plus either an official transcript or your course and grade list (web version).

Documents for your extension

Preparing your documents

1. Confirmation of current enrolment

2. Proof of financial support

3. Passport and digital photo

Confirmation of current enrolment

- As you are a current student, you should be providing proof of enrolment. Only students starting a new program should provide a letter of acceptance. Your letter of enrolment should confirm:
 1. your enrolment for the next academic session and
 2. your expected graduation date.

HOW TO REQUEST YOUR LETTER OF ENROLMENT

1. Visit this website: <https://registrar.yorku.ca/program/letters>.
2. Under the tab, choose undergraduate or graduate as appropriate and select option #3, “I need a special or customized confirmation letter that is not available from MyCreds.ca at this time.”
3. Complete the *Letter and Document Verification Request* form and select the option, “Student Visa Extension Application.”
4. Email the form to yuverify@yorku.ca. In the body of the email, mention that you are an international student and that you are requesting the confirmation of enrolment letter for the purpose of your study permit extension application.
5. The letter will take about weeks to prepare. Once it is prepared, you will receive a link to pay for the letter which costs \$25.
6. Once payment is confirmed, you will be emailed a copy of the letter.

SCHOOL OF CONTINUING STUDIES

Your letter of enrolment is available in [your Student Portal](#).

Proof of financial support - basics

- As when you first applied for a study permit, you must prove that you can still support yourself (and any accompanying family members), while you are in Canada.
- You should be prepared to demonstrate the ability to fund at least one full year of tuition and a minimum of \$10,000 for one year of living expenses (additional funds required if you have dependent(s) living here with you)
- We recommend you provide as much proof of financial support as possible, rather than stop at the minimum.

Proof of financial support – introductory letter

We recommend you write a letter to introduce the documents you are submitting for your financial support in your application.

This letter should include:

- Your name, date of birth and UCI number
- The title “Proof of Funds and Financial Support”
- A brief summary confirming that you meet the eligibility requirements for having sufficient funds
 - The funds required for me to study and live in Canada are approximately [insert amount]. This amount is based on an estimated cost of tuition for one year [insert amount of tuition] and [insert amount] for living expenses. Below is a list of documents proving that I have sufficient financial funds to cover these costs.
- A list of the documents you are providing and a brief description
 1. Bank statements from September 2022 – November 2022 of my father, [NAME] (Balance: CAD \$\$\$)... pages 1-10
 2. Proof of property ownership for my mother, [NAME]... pages 11-13
 3. Proof of employment for my [spouse/father/mother]... pages 13-16
 4. Proof of funding from York University [graduate student funding/scholarship]... page 17

- If your parents are supporting you, include a letter from your parents and proof of their financial resources.

- Proof you paid tuition and/or housing fees
- A letter from the person or school giving you money or
- Proof of funding paid from within Canada, if you have a scholarship or are in a Canadian-funded educational program.

Passport and digital photo

- For the passport, you should include copies the of ID page and all pages with markings (e.g. stamps, visas) in your passport
- If you have renewed your passport since your last application to IRCC, you should submit copies of both your old and new passports with this application. You should also state in your letter of explanation that you recently renewed and are including both passports.
- See the [specifications for the digital photo](#)

What about biometrics (fingerprints and photo)?

- Biometrics for visas, study permits and work permits are valid for 10 years. If you are not sure if/when you've given them in the past, you can use the [biometrics check status tool](#).
- In-Canada biometrics exemptions have ended for study permit extensions. If you are applying from outside Canada, [Check to see if you are exempt from giving biometrics](#).

Steps if you must give biometrics:

1. Pay the \$85 fee with your application
2. Get an instruction letter

Trouble shooting

Can you help me with system issues?

I CAN'T LOG IN TO MY IRCC ACCOUNT!

- If you are trying to sign in and you keep getting sent back to the homepage, try the following:
 1. Try another browser
 2. Try clearing cache
 3. Try another device

I CAN'T ACCESS THE IMM FORM!

- You need Abode Reader to open the IMM form. If you don't have Abode, you can download it online for free.
- **It is not possible to open the IMM forms in a browser. You must download it, save it to your computer and then open the file from the saved location.**

After you apply

What if my study permit expires while I'm waiting for a decision?

- If you applied for a study permit extension **before** the expiry of your study permit, you have what is called “maintained status” until a decision is made on your application. You can continue to study (and work, if eligible) until you either receive the new study permit or receive a refusal.
- If you receive a refusal, please get in touch with an international student advisor iadvisor@yorku.ca for advice.

Social Insurance Number

- › Your study permit and SIN will expire at the same time
- › You can only apply to renew your SIN once you have the new (extended) study permit. You can [apply for a SIN](#) online or at a Service Canada Centre.
- › As long as you submit your study permit extension before the expiry of your study permit, you can continue to use your SIN (assuming you are eligible to work).

Temporary Resident Visa (TRV)

- You need to apply to renew your temporary resident VISA **after** your study permit (or post-graduation work permit) is renewed.
 - You will log into your [IRCC account](#) and start by filling out the eligibility questionnaire.
 - For the first set of questions, **select the option to “study”** for “temporarily – more than 6 months” (if you choose “visit” it will generate the wrong document checklist).
 - Eventually you will get to the result that says you are eligible to extend your study permit and right underneath it will say that you can extend your temporary resident visa – click on that form.
 - Then, answer a few more questions and eventually it will lead you to the document checklist.

IRCC may issue a [V-1](#) [instead of an S-1 visa](#). This is not an error. It is due to a backlog of applications for in-Canada visa applications.

Please note regarding document checklist to extend your VISA:

1. For your recent education transcript, you can submit either an official [transcript](#) or your [course and grade list](#) (web version).
2. For your proof of next terms enrolment, you can submit the same letter that you obtained and used for your study permit extension application (customized enrolment letter);
3. You will need to upload a copy of your current study permit;
4. You need to upload a copy of financial support documents - you can use the same set of documents that you used for your study permit extension application;
5. The documents under “optional documents” are not necessary.
